## GTA: SA Directory SFX

The following is a directory of the SFX archives for Grand Theft Auto San Andreas. O seguinte é um diretório de arquivos SFX para Grand Theft Auto San Andreas. Each archive is organized by sound bank and includes offsets and all the sampling rates used in the bank for importing as raw data. Cada arquivo é organizado pelo banco de som e inclui todas as compensações e as taxas de amostragem utilizado no banco de importação de dados brutos. The [San Andreas Audio Toolkit](#) allows easy import and export of these sounds but that info is still provided for general reference. O [San Andreas Audio Toolkit](#) permite a fácil importação e exportação destes sons, mas essa informação ainda é fornecido para a referência geral. The directory is loosely based on the GTA3/VC SFX directories [posted to GTAForums by spaceeinstein](#) . O diretório é baseado no SFX diretórios GTA3/VC [colocada GTAForums por spaceeinstein](#) . For ped speech, the VOICE\_ descriptions are the IDs used in peds.ide which were extracted from the executable. Para o discurso ped, as descrições VOICE\_ são os IDs usados em peds.ide que foram extraídas do arquivo executável. For the SCRIPT archive, the numerical ID range for the sounds from AudioEvents.txt is provided. Para o arquivo de script, o intervalo numérico para a identificação de sons AudioEvents.txt é fornecido. Other archives, such as GENRL, are more-or-less guessed at, so expect wild inaccuracies... Outros arquivos, como GENRL, são mais ou menos adivinhado, assim esperamos inaccuracies selvagem ...
